**HAIR OILS**  
 Another common mistake is not using the right hair oil. The wrong oil can weigh down your hair, making it look greasy and flat. The right oil, however, can add shine and volume to your hair. Here are five reasons to love hair oil.

**1. IT ADDS SHINE**  
 Hair oil is a natural way to add shine to your hair. It coats the hair shaft, reflecting light and making your hair look brighter and more vibrant. This is especially true for dry or damaged hair, which can benefit from the extra moisture and nourishment that hair oil provides.

**2. IT SOFTENS HAIR**  
 Hair oil is a natural way to soften your hair. It coats the hair shaft, making it smoother and easier to comb. This is especially true for dry or damaged hair, which can benefit from the extra moisture and nourishment that hair oil provides.

**3. IT PREVENTS HAIR LOSS**  
 Hair oil is a natural way to prevent hair loss. It coats the hair shaft, making it stronger and less likely to break. This is especially true for dry or damaged hair, which can benefit from the extra moisture and nourishment that hair oil provides.

**4. IT ADDS VOLUME**  
 Hair oil is a natural way to add volume to your hair. It coats the hair shaft, making it thicker and fuller. This is especially true for dry or damaged hair, which can benefit from the extra moisture and nourishment that hair oil provides.

**5. IT PREVENTS DANDRUFF**  
 Hair oil is a natural way to prevent dandruff. It coats the hair shaft, making it smoother and less likely to shed. This is especially true for dry or damaged hair, which can benefit from the extra moisture and nourishment that hair oil provides.
