PERMANENT HAIR COLOUR

HJ Productnews

Bright and beautiful

Achieve shades from icy white to soft caramel with the Uberblonde collection from Osmo Ikon. The range is formulated with micro-connective technology, which enables minute colour molecules to be easily absorbed into the hair cuticle. Uberblonde also uses a low-ammonia content, for a more gentle client experience. The range of highlift colours offers stunning results, with up to five levels of lift.

Price: £4.69
